Question of the Week: Thinking About Internships

What exactly is a doctor of Optometry?

To learn more about a couple of the most popular summer opportunities for pre-followers, keep good notes on deadlines and requirements so that you'll be able to create an action plan.

Question: I hope to spend some time over fall break applying for internships. How do I start?

Answer: Career Services provides a step by step guide for your internship search, and it begins with brainstorming your health interest.
